

### 3.0 Local Residence/Civic.

Mr. Willson currently resides in Larkspur, California, approximately 32 miles outside the proposed station's 1 mV contour. He will commute from his home to the station. The travel time between his home in Larkspur and Calistoga is approximately a one hour drive each way. He will have a car phone so that he can conduct business while driving.

Mr. Willson has never resided within the proposed 1 mV contour. However, he currently owns or has owned three businesses in Santa Rosa, California, within the 1 mv contour. In addition to the Speed-Dee Wash in Santa Rosa (acquired in May 1988) and the Sandy Point IV Project (acquired in November 1992), Mr. Willson owned and operated Sparkle Plenty, an auto detail shop in Santa Rosa, from September 1988 to March 1989. He was the owner and operator of the store. During this period, he typically worked 8-10 hours per day Monday through Friday in Santa Rosa as the owner/operator of the business. He hired employees, advertised on KZST (a Santa Rosa radio station), and in the Press Democrat, the Santa Rosa daily newspaper. He had daily contact with the public.

In addition, since 1988, Mr. Willson has, on average, spent approximately 8 hours per week at the Speed-Dee Wash Santa Rosa laundry. This involved contact with the public and other business owners. Since 1988 as a result of his ownership of businesses in Santa Rosa, Mr. Willson has had contact with the following Santa Rosa businesses: Kunz Equipment, Commercial

Laundry Service, Ken's Signs, Sam's Cafe, Pacific Gas and Electric Company, City of Santa Rosa Water Department, Empire Waste Management Company, Ed's Liquors, The Log Room, the Press Democrat, and KZST. He has also had business dealings and/or accounts with the following banks in Santa Rosa: Wells Fargo Bank since 1990, Bank of America since 1987, and Bank of the West since 1992. His more recent business contacts since 1992 have included Shamrock Materials and Al's Handyman Services, also both located in Santa Rosa.

As a current and past business owner in Santa Rosa, Mr. Willson is acquainted with the types of issues and concerns typically confronted by small business owners in Santa Rosa and has a familiarity with the needs and interests of the community, especially the business community. Some of those needs include addressing the drug abuse problem, expanding the employment base by attracting new businesses to the area, providing additional low income housing, and improving the schools.

Mr. Willson's Sandy Point IV project is located within the proposed station's 1 mV contour and is intended to provide quality affordable housing to low-income groups within the Santa Rosa area. There is a need for such housing, especially for the Hispanic community. This business has also enhanced Mr. Willson's familiarity with the service area, especially housing issues. Mr. Willson has had contacts since November 1992 with the Sonoma County Planning Department, Sonoma County Sanitation

Department, Sonoma County Building Inspection Department, and the City of Santa Rosa Planning Department.

Mr. Willson was also employed as a salesman for Advo Systems for approximately 6 months in late 1986 to 1987. His territory included Marin and Sonoma Counties. Much of Sonoma County is within the proposed station's 1 mV contour. He sold direct mail advertising for Advo Systems, which is the nation's largest direct mail advertising company. During this period, he called on businesses in the Santa Rosa area, including Stanley Steamer, Cattleman's Restaurants, Mac Photo, Santa Rosa Junior College, Freedman Brothers, Yeager & Kirk, Little Caesar's Pizza, which are all located within the 1 mV coverage area of the proposed station. Mr. Willson spent one or two days per week within the proposed station's 1 mV contour making sales calls.

Mr. Willson has, since 1990 been a member of the Western Mobilehome Association (WMA). He has attended monthly meetings of the WMHA (Unit N-2 Division) in Santa Rosa. The organization discusses and addresses issues concerning mobile home parks. In addition since April 1993, Mr. Willson has been a member of the Santa Rosa Chamber of Commerce, the Hispanic Chamber of Commerce, and the Sonoma County Special Olympics, all located within the 1 mV contour of the station. Mr. Willson attended workshops in May and June sponsored by the Santa Rose Chamber of Commerce concerning Workman's Compensation issues. He attended two all-day sessions with employment managers of Korbel Winery and Optical Coatings, which are among Santa Rosa's largest employers.

Mr. Willson serves as a volunteer doing publicity work for the Sonoma County Special Olympics. He is currently actively working as Publicity Chairman of the Fifth Annual Golf Classic to help organize and promote a golf tournament at the Fountain Grove Country Club in Santa Rosa to be held on September 24, 1993. The tournament is to benefit the Special Olympics. The Special Olympics is an all volunteer organization with 400 volunteers operating on donations only. The organization serves adults and children with mental retardation by helping those who desire to compete in a year round special olympics program of sporting events in Sonoma County.

Mr. Willson also attended in May 1993 a day long seminar, "1993 Public Relations Conference for Nonprofit Organizations," sponsored by the Press Democrat Sonoma County Community Foundation. The seminar was held in Santa Rosa and supported by the Concotti Girl Scout Council, Sonoma County Broadcasters Association, the Volunteer Center, United Way of Sonoma--Mendicino and Lake, and Women in Communications. Three hundred people, including representatives from area newspapers, radio and television stations attended. Mr. Willson will reduce if necessary his involvement in civic activities in order to effectuate his integration proposal.

To whom it may concern:

My name is Gary E. Willson and I live at 2 Corte Del Bayo, Larkspur, California.

On the afternoon of February 1, 1993 I received a message on my voice mail from Fred Constant asking me to call him. The number he gave was in Santa Rosa (707)523-0101. At 4:04 pm I returned his call asking "what I could do for him". Although I can't recall the exact words used during the conversation I will attempt to give you an idea of how the conversation went.

He said he was calling me, on his own, to see if he might be able to help get me and Mary together to discuss the prospects of making a deal to buy me out of my FM application for Calistoga. He said he wasn't part of her application but he was just interested to see, if by talking to me, he could convince me to meet with Mary to explore the "possibilities" of settling the case before it went to hearing. I recall, it seemed odd that he would be calling me because it was only a couple of months before that Mary, Fred, Mary's attorney, and my attorney met face to face in Washington to discuss settlement possibilities (at her request).

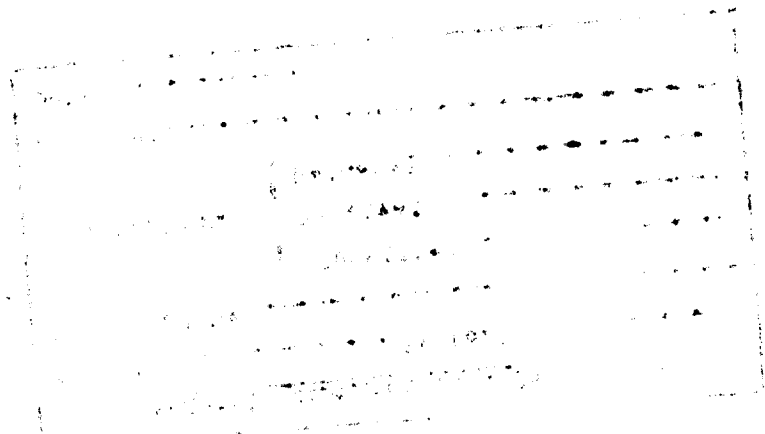

I told Fred that I had been over this with Mary and that I wasn't interested in discussing this any further. He wanted to argue about it, stating the station's worth in his opinion...he referred to the sale of another FM in Santa Rosa mentioning its price and why couldn't I accept something reasonable. I tried to explain my position to him. The call went on for 26 minutes.

The documents contained in exhibits relating to the Mega Media litigation and GlenFed litigation were obtained by me from the Marin County, California courthouse.

This statement is true and correct to the best of my knowledge and belief and is made under penalty of perjury.

Signed

Gary E. Willson

1 MR. SHUBERT: That's true. Do you want to restate  
2 the question?

3 BY MR. FITCH:

4 Q What is your motive and what is your interest and  
5 driving force in filing your application for Calistoga?

6 A I'd have to say my main motive is that I live in  
7 the community and that I want to become a part of the  
8 community.

9 Q Okay. And do you expect the station to be  
10 profitable?

11 MR. SHUBERT: Objection. What is the relevance?

12 BY MR. FITCH:

13 Q Your counsel has objected but he has instructed you  
14 to answer, so I'm asking you the question. Do you expect it  
15 to be profitable?

16 A My expectations?

17 Q Yes.

18 A I would expect so.

19 Q And have you discussed with your husband filing  
20 this application for Calistoga?

21 A I've discussed it with my attorney.

22 Q And you haven't discussed it with your husband?

23 A We do live in the same house.

1 Q Well, then the answer is --

2 A I mean it's not -- we have not had big discussions  
3 about it, no.

4 Q But have you had discussions about it?

5 A We discuss a lot of things every day.

6 Q You have had discussions about the Calistoga  
7 application?

8 A We had discussions about a Calistoga radio station,  
9 not specifically a Calistoga application.

10 Q So you haven't discussed your application?

11 A My discussions about the application have all been  
12 with my attorney and with my engineer.

13 Q So there have been none with your husband, then?

14 A He is not part of my application.

15 Q No, that's not the question. There have been no  
16 discussions with your husband about your application?

17 A Not about the application itself, not about --

18 Q Fine. You testified that on or about March 6,  
19 1992, you asked Putnam Livermore about anyone else using --  
20 him giving permission to anyone else to use the site on the  
21 mountain.

22 A Yes.

23 Q Did you mention Gary Willson's application?
